My Dear Sam.

I am this my receipt of yours of 14th. and glad to learn that your good weather continues, but regret to learn the news regarding Judge Fordrie. Davis growing to be old a man to endure himself as formerly in those long and hard winter journeys. I know this by personal experience.

I think, as you say that it is important to get our accounts straight on his books. I made no note, and do not recollect clearly, all conversation of that time, of the date when you will need the first advance of $200. on Cameron Jr. Please advise me when. I shall be here certainly until 1st proximo and cannot get away how much longer. I am anxious to see Church before I go west and I do not now know when he will be back from Lower California. Mr Simmons has accepted the position of Supt. of "The Chamberlin Investment Co." ten stamps. Texas aged I have a letter from him at that point this morning.

I am also in receipt of frequent letters from Monta
who is continuing his work as decided by Church
I have not had a typewritten copy of Clayton
made yet as I am in receipt of several additions
and want to talk with him about it first, and
mailed the original to Morton as I thought h
should see it. I will send you a copy as
soon as I can — It did not leave upon my
mind the favorable impression which his verbal re-
port made upon Simon. But I told C to
find out all our weak points and to give
me as unfavorable a report as possible once
We is now practically over Christmas vacation
for the smelting being the metallurgy
I mean that Staunton is getting the best ores
or powder that we have ever had I think.
I have not yet seen Stewart but see it Tuesday
return. Silver legislation is in an awful mix the
Dem. party is trying to find itself in every way.
We are all as well as usual.

Mr Sam. M Cheyney

Your affectionate father
